DIANE SAWYER

(Off Camera) But given the fact that everyone anticipated a hurricane five, a possible hurricane five hitting shore, are you satisfied with the pace at which this is arriving and which it was planned to arrive?

PRESIDENT GEORGE W. BUSH

Well, I fully understand people wanting things to have happened yesterday. I mean, I, I understand the anxiety of people on the ground. I can -I just can't imagine what it's like to be waving a sign that said, come and get me now. So, there is, there, there is frustration, but I want people to know there's a lot of help coming. I don't think anybody anticipated the breach of the levees. They did anticipate a serious storm. These levees got breached and as a result, much of New Orleans is flooded and now we're having to deal with it and will.
